

Corporate Fact Sheet

Corporate Background

Founded in 2003, Zanes Law has earned a reputation for being one of the most recognized personal injury law firms in the state of Arizona through its dedication, uncompromising customer service, and exceptional case resolutions obtained through both pre-litigation settlements and litigation awards.

The staff at Zanes Law has worked extremely hard to build a reputation of not backing down. In fact, the firm prides itself on helping clients receive quality treatment, keeping them up to date on their cases, and fighting for the justice their clients deserve. Each case is handled by an attorney and a team of case managers so clients are well informed and their questions are answered promptly.

Much of Zanes Law's achievements are due to the fact that it is managed as a business. The firm has developed unique systems and business practices that allow the professionals at Zanes Law to fight some of the wealthiest insurance companies in the world in a cost-effective way. The continued success of Zanes Law has the ability to hire the necessary staff and provide the required funds to properly finance clients' cases to successfully fight these insurance companies.

Practice Areas

Personal injury affects more than just one person—it can affect an entire family—and the members of Zanes Law keep that perspective in mind. The Zanes Law professionals have represented clients who have been injured mostly by car accidents but also include severe, life-changing events such as traumatic brain injuries and amputations—as well as helping those suffering from catastrophic injuries caused by railroad companies, municipalities, trucking companies, construction companies, negligent individuals, and various other corporate defendants. The professionals at Zanes Law also focus on wrongful death cases, ensuring the cases are handled with the utmost respect and dignity.

Community Involvement

Members of the firm recognize the importance of giving back to their community and participate with local organizations and projects devoted to improving the lives of others. Recently, Claudia Zanes became the chair for the American Heart Association for 2013. Also, Doug and Claudia are both board members for the Blair Charity group, an organization that creates and supports programs that address the priorities of the Southern Arizona community. Going on three years in 2013, Zanes Law gives 100 local elementary and middle school teachers supplies to start their new school year. Zanes Law also supports the Salvation Army and assists with back to school shopping for the children every summer. The staff at Zanes Law supports Beat Cancer Boot Camp by working out with and supporting people going through cancer treatment.
